20<sup>th</sup> IEEE Asia Pacific Conference on Circuits and Systems &  
IEEE Asia Pacific Conference on Postgraduate Research in Microelectronics and Electronics

November 7-9, 2024 | Taipei, Taiwan

The IEEE Asia Pacific Conference on Circuits and Systems 2024 (APCCAS) and the IEEE Asia Pacific Conference on Postgraduate Research in Microelectronics and Electronics 2024 (PrimeAsia 2024) are the regional flagship conferences of the IEEE Circuits and Systems Society in the Asia and Pacific Region.

APCCAS 2024 and PrimeAsia 2024 will be held at the CHANG YUNG-FA FOUNDATION International Convention Center (CYFF) in Taipei, Taiwan, from November 7th to 9th, 2024. The main theme of the conference is **"Circuits and Systems Enabling Smart and Multi-Health Living"**. The events aim to explore the pervasive integration of circuits and systems into human life, showcasing their intelligent applications across various sectors. This conference highlights smart circuits and systems, particularly their impact on health environments in diverse sectors such as agriculture, forestry, animal husbandry, medicine, and various social dimensions.

The objective of APCCAS 2024 is to share the latest research in areas related to circuits and systems. PrimeAsia 2024 aims to provide opportunities for postgraduate students (Masters and PhD) to present their research work and to interact with scientists and engineers in the research community and industry. APCCAS 2024 and PrimeAsia 2024 will feature keynote sessions, technical paper presentations, exhibitions, and social programs to offer a platform for cutting-edge discussions and collaborations.
